IRON WORKERS' PRESIDENT SAYS DETECTIVES ROBBED HIS OFFICE

(By Associated Press) INDIANAPOLIS, Dec. 3.—Frank H. Ryan, president of the Iron Workers' union, testified at the dynamite conspiracy trial today that his office was robbed by detectives when Secretary J. J. McNamara was arrested. He declared he did not know that McNamara stored explosives at the union headquarters and he helped to search for them.

He said he gave but little attention to the thousand dollars a month used by McNamara which was not accounted for.

## SLOSSON DEFEATS YAMADA

NEW YORK, Dec. 3.—George Slosson of New York defeated Kadji Yamada of Japan in a six-day match at 182 balk line billiards, 2400 to 1871, here last night. Slosson, with a grand average of 15, made high runs of 105 and 79. Yamada's grand average was 11.45-160, with high runs of 158 and 59.

## IOWA CONGRESSMAN ILL

ESTHERVILLE, Ia., Dec. 3.—Congressman Frank P. Woods of the tenth Iowa district is dangerously ill with pneumonia. Members of his family have been called from California.

## DEMOCRATS ARE OPPOSING TAFT'S APPOINTMENTS

PRESIDENT SENDS OVER 200 APPOINTMENTS TO THE SENATE TO BE CONFIRMED

(By Associated Press) WASHINGTON, Dec. 3.—The president sent over 200 recess appointments to the senate today. The democratic senators immediately began a movement to prevent their confirmation.

The democrats claim Taft has already deprived them of the privilege of the appointment of 50,000 postmasters by placing them within the civil service law.

## PIONEER IS AGAIN COMING TO FRONT

That the Pioneer district, some eight miles north of Rhyolite, is likely to assume important rank among the producing mining districts of southern Nevada is indicated by the statements of William J. Tobin, head of the Pioneer Consolidated Mining company, who has been visiting Goldfield and Tonopah.

Tobin has been making one of his periodical visits to the Pioneer district and will return there from his Denver home shortly after the first of January to remain during the balance of the winter and supervise the work of development on the property.

Operations on the Pioneer Consolidated have been interrupted for some time past owing to the destruction by fire of a portion of the hoisting plant. The fire was attended by some fortunate circumstances. At the first alarm the men in charge hastened to cover the collar of the shaft with boards and dirt and in this way the flames were prevented from entering and damaging the shaft.

Wooden parts of the shaft hoist were damaged and all brass work on the machinery was practically destroyed, but the hoisting engine was not a total loss and most of the machinery has been repaired. A new building, entirely covered with iron and fire-proof, has been erected and the hoist is again in working shape. The mine workings are in good condition and the work of opening up the property will now proceed and will be carried on in a comprehensive manner.

Recently Tobin and his brother

Richard, who is also his partner, have had a thorough assay map of the Pioneer property completed and this has shown the property and the ore exposures to be of far greater value than has been supposed in the past. There are several ore bodies of large dimensions and of excellent average value in sight and the ore reserves are sufficient in volume to yield a large return in treatment on the ground. The property is situated about two miles from the Springfield station of the main line of the T. & T. railroad. J. R. Bryan is general superintendent of the property.

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

We have received many letters from the film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, COMET, MELIES, etc., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication"

For \$5 we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25, a low figure.
